

BCCC

Baltimore City Community College

SURGICAL TECHNOLOGIST, AAS

Associate of Applied Science

The Surgical Technologist program prepares students to work with surgeons, anesthesiologists, registered nurses and other members of the surgical department. Surgical technologists deliver patient care and perform tasks to ensure a safe surgical environment.

Skills you will learn:

- Work with surgeons, nurses & operating room personnel to ensure surgical procedures are performed efficiently & effectively
- Prepare operating rooms for surgery; create & maintain sterile environment
- Maintain surgical equipment, rooms & supplies
- Understand & apply fundamental surgical steps & routine procedures

The program prepares students to be eligible to sit for the certification exam given by the National Board of Surgical Technologists and Surgical Assistants.

**The SGT program is strictly a day program.
Accredited by The Commission on Accreditation of Allied Health
Education Programs (CAAHEP)*
